

Volunteer Centre Babergh is celebrating its first birthday!

It has been a busy twelve months for **Volunteer Centre Babergh** outreach sessions in Shotley. Every Friday morning we have been running drop in sessions in the small committee room in Shotley Village Hall. These sessions provide the communities in and around Shotley with a locally dedicated focal point for information on a wide range of local, district, regional and even national volunteer opportunities. It has also been a good way to raise the profile of volunteering. Anyone interested in volunteering can come along and access the same level of service they would get from our main office in Sudbury.

At these sessions we aim to provide the best possible service to those seeking voluntary roles. We provide relevant information, appropriate levels of support and the assurance that users of the service will obtain an individual, tailor made service. We have been building up good working partnerships between volunteers and organisations throughout our first year.

If volunteering interests you or you are an organisation seeking new volunteers then please make contact with Jo Travis-Shelton, Volunteering Support Officer who will be pleased to speak too you on 0845 260 6340 or 0792 359 1139. Or simply pop in and see her on a Friday morning at Shotley Village Hall between 9.30am and 12.30pm.
