Report from Sector Commander

This report is provided for Parish Councils and also Community Watch Schemes providing information relating to policing of Hadleigh Policing Sector. We strive to provide this on a regular basis but there may be occasions when competing demands and resource availability prevent this. Sector policy is for the local Community Police Officer to endeavour to attend meetings every 3 months.

In the absence of a successor to Inspector Pratt until possibly June or July and only having a few days since Inspector Pratt's retirement to find my way around the compilation of the Parish Council report statistics, we have 'gone to press' as such without a full detailed report rather than delay circulation. Please accept my apologies for this.

Danny Cooper
Acting Inspector
Hadleigh Sector
01473 383436
