

Report to Shotley APM07 on www.MyShotley.com

- MyShotley.com is your 'home page'
- The official community website for these villages, MyShotley.com, has been going for two and a half years.
- It holds everything you need to know about the villages, including all of your services and facilities
- On its hundreds of pages, MyShotley.com features local news (over 350 items so far) and events. There is in depth details of the Parish Council, plus planning developments, job vacancies, the weather, and over 600 photographs, to name just a few.
- Too many features to mention here – you should browse the A-Z..
- Most sections of the site are constantly updated and increased by local volunteers, and we are also very grateful to the many local organisations which use it to publicise their activities to new, existing and potential members and the public.
- Use of the site is growing very fast, with 8,500 visitors last month and over 80,000 in total so far.
- Our only costs, £70 per year, are kindly funded by the Parish Council. All the work is done by volunteers.
- A new Steering Group was formed at the end of last year, and we are slowly planning the site's redevelopment. This will refresh the design and make it easier for other people to update information.
- We would be grateful for any volunteers to help us with this, and in promoting the site.
- The site is available for you to try out on the laptop this evening – or I'm happy to show it to anyone. It is very easy to use.
- Thank you

Jeremy Peters
